1. Job description

Job:
International selection competition procedure for the hiring of a PhD holder under Articles 18 and 20 of Decree-Law no. 57/2016, of August 29, as amended by Law no. 57/2017, of July 19

Job/Fellowship Reference: Aviso n.º 4468/2020

Main research field: Biological sciences

Sub research field:

Job summary:

Pursuant to the provisions of article 11, paragraph 2, of Decree-Law no. 57/2016, of August 29, it becomes public that by Dean's decree of February 17, 2020, the opening of an international selection competition procedure was authorized for the completion of a PhD holder job vacancy for the exercise of scientific research activities financed by national funds through the Fundação para a Ciência e a Tecnologia (FCT) under an uncertain fixed-term employment contract under the Labor Code in the Faculdade de Ciências Médicas|Nova Medical School, Universidade Nova de Lisboa.

Job description:

Pursuant to the provisions of article 11, paragraph 2, of Decree-Law no. 57/2016, of August 29, it becomes public that by Dean's decree of February 17, 2020, the opening of an international selection competition procedure was authorized for the completion of a PhD holder job vacancy for the exercise of scientific research activities financed by national funds through the Fundação para a Ciência e a Tecnologia (FCT) under an uncertain fixed-term employment contract under the Labor Code in the Faculdade de Ciências Médicas|Nova Medical School, Universidade Nova de Lisboa.

1 — The PhD work in the scope of Research Project PTDC/BIA-BID/31071/2017, with a duration of 8 months, is intended to perform the following functions:

a) Participate in all tasks of the Project, including in the development of the tasks of molecular biology, cell culture, advanced genome editing techniques and confocal microscopy;

b) Participate in experiments to characterize Drosophila stocks phenotypically and genetically;

c) Participate in the writing of reports and projects, and in the supervision of students.

2 — General requirements of the application:

a) Portuguese nationals, foreigners or stateless persons, holding a PhD degree in the area
of Biology;
b) Holders of a scientific and professional Curriculum vitae appropriate to the project to be developed.

If the PhD has been awarded by a foreign higher education institution, it must comply with the provisions of Decree-Law no. 341/2007, of October 12, and any formalities established there must be fulfilled until the formalization of job contract.

3 — Specific requirements of the application:

a) Experience with Drosophila as a model organism for research (minimum 4 years);
b) Experience genetics and developmental biology of Drosophila as a model system;
c) Experience with insect physiology and neurobiology.

4 — Contracting:
The contracting is made through a fixed uncertain term work contract under the Labor Code, as a PhD, and is remunerated according to the remuneration level 33 of the single remuneration table (TRU), pursuant to article 5 of Decree-Law no. 11-A / 2017, of December 29.

5 — Place of work:
The workplace is located on the Chronic Diseases Research Center (CEDOC), Faculdade de Ciências Médicas|NOVA Medical School - UNL, Rua Câmara Pestana n.º 6, 1150-082 Lisboa.

6 — Documents that must instruct the application:

i) Motivation letter in English;
ii) Detailed Curriculum vitae in English according to the requirements of the application;
iii) Contact information of two references that can provide letters of recommendation on your behalf, including email and telephone;
iv) Copy of the undergraduate and graduate certificates (diplomas) – BSc, MSc (if relevant) and PhD;
v) Other documents considered relevant to the evaluation of the adequacy of the solicited profile.

7 — Methods of selection and definition of the respective weights:

a) The curriculum evaluation will be expressed in a numeric scale from 0 to 20 and will take into account the elements i) and ii) defined above, with the following weights: i) motivation letter (20 %); ii) detailed Curriculum vitae (80 %).

b) The evaluation of the detailed CV will be performed according to the following criteria:

- Experience in genetics and developmental biology of insects (30 %);
- Experience in Molecular Biology (20 %);
- Experience in studies of insect neurophysiology (30 %);
- Experience with Cell Biology and Histochemistry (20 %).

c) The candidates with a CV evaluation superior to 10 points will be called for an interview and their references will be contacted.
d) If there is an interview, the curricular evaluation will have a weight of 50 %, the interview will have a weight of 30 % and references a weight of 20 %. The final classification of each individual candidate will result from the average of the evaluations provided by the jury members.
e) If there is no interview, the final classification will be the same as the one provided by the curriculum evaluation.
f) In the final selection process, the selected candidate must have obtained at least 10 points. If no candidate reaches the minimum of 10 points, the call is closed without any
approved candidate.
g) In the case of a tie, it is incumbent to the president of the jury to choose the candidate.
h) In accordance with the Decree-Law no. 29/2001, of February 3, candidates with disabilities are favored when equally classified. This prevails above any other legal preference. The candidates must declare their type and degree of disability in their motivation letter, as well as the means of communication/expression to be used in the selection process.

8 — In accordance with article 13 of Decree-Law no. 57/2016, of August 29, the Jury is composed as follows:

- President of the Jury – Andres Garelli, Researcher, Faculdade de Ciências Médicas|NOVA Medical School, Universidade NOVA de Lisboa;
- 1st Jury member – Alisson Gontijo, Invited Principal Researcher, Faculdade de Ciências Médicas|NOVA Medical School, Universidade NOVA de Lisboa;
- 2nd Jury member – Fabiana Herédia, PhD Holder, Faculdade de Ciências Médicas|NOVA Medical School, Universidade NOVA de Lisboa;
- 1st Alternate jury member – Helena Soares, Invited Assistant Researcher, Faculdade de Ciências Médicas|NOVA Medical School, Universidade NOVA de Lisboa;
- 2nd Alternate jury member – Vasco Barreto, FCT Researcher (Development Level), Faculdade de Ciências Médicas|NOVA Medical School, Universidade NOVA de Lisboa.

9 — Notification of candidates:
Candidates are notified by e-mail.

10 — The ordering lists of the candidates as well as the homologation of the final deliberation of the Jury are made available in the electronic page of the Faculdade de Ciências Médicas|NOVA Medical School of the Universidade NOVA de Lisboa.
