Job description:
Pursuant to the provisions of article 11, paragraph 2, of Decree-Law no. 57/2016, of August 29, it becomes public that by Dean’s decree of February 17, 2020, the opening of an international selection competition procedure was authorized for the completion of a PhD holder job vacancy for the exercise of scientific research activities financed by national funds through financed by national funds through the Fundação para a Ciência e a Tecnologia (FCT) under an uncertain fixed-term employment contract under the Labor Code in the Faculdade de Ciências Médicas|NOVA Medical School, Universidade Nova de Lisboa.

1 — The PhD work in the scope of Research Project PTDC/MED-NEU/30772/2017, with a maximum duration until the September 30, 2021, is intended to perform the following functions:

a) Training and manipulation of rats and mice colonies;

b) Perform stereotaxic surgeries to implant fiber optics and injection cannulas;

c) Manipulate neuronal populations using optogenetic stimulation;

2 — General requirements of the application:

a) Portuguese nationals, foreigners or stateless persons, holding a PhD degree in Biological Science, Neuroscience, Bioengineering or similar areas;

b) Holders of a scientific and professional Curriculum vitae appropriate to the project to be developed
If the PhD has been awarded by a foreign higher education institution, it must comply with the provisions of Decree-Law no. 341/2007, of October 12, and any formalities established there must be fulfilled until the formalization of job contract.

3 — Specific requirements of the application:
   a) Previous experience in rodent manipulation;
   b) Previous experience in LabView or Python programming (preferential);
   c) Supervision of master and/or PhD students.

4 — Contracting:

The contracting is made through a fixed uncertain term work contract under the Labor Code, as a PhD, and is remunerated according to the remuneration level 33 of the single remuneration table (TRU), pursuant to article 5 of Regulatory Decree no. 11-A/2017, of December 29.

5 — Place of work:

The workplace is located on the Chronic Diseases Research Center (CEDOC), Faculdade de Ciências Médicas|NOVA Medical School - UNL, Rua Câmara Pestana n.º 6, 1150-082 Lisboa.

6 — Documents that must instruct the application:
   i) Curriculum vitae;
   ii) Master and Doctorate diploma certified by a Portuguese University;
   iii) Motivation letter clearly stating why the candidate has an adequate profile to perform the workplan;
   iv) Active license to perform animal research from the DGAV (Direção Geral de Alimentação e Veterinária) or equivalent (FELASA Certification);
   v) List of three potential reviewers;
   vi) List of the three most relevant publication with copies of the manuscripts;
   vii) Any additional information that the candidate may find relevant for the selection procedure.

7 — Methods of selection and definition of the respective weights:

   a) The curricular evaluation will be performed in a numerical scale ranging from 1 to 20 and will consider the items i) and ii) defined above ascribing the following ponderation: a) motivation letter (30 %); detailed Curriculum vitae (70 %);

   b) If deemed necessary by the jury, the top three candidates will be selected for an individual interview;

   c) In this latter case, the curricular evaluation will have a weight of 60 % and the interview a weight of 40 %. The final classification of each individual candidate will result from the average of the evaluations provided by the jury members;

   d) If the absence of interviews, the final classification will coincide with the one provided by the curricular evaluation;

   e) In the case of a tie, it is incumbent to the president of the jury to choose the candidate;

   f) In accordance with Decree-Law no. 29/2001, of February 3, applicants with disability will be selected in case of a tie, with this preference prevailing over any other legal preference. The applicants must declare in the motivation letter, under their word of honor, their degree of incapacity, the kind of disability and the communication media to be used in the selection process.
8 — In accordance with article 13 of Decree-Law no. 57/2016, of August 29, the Jury is composed as follows:

President of the jury – Doctor Rosalina Fonseca Alvarez, FCT Researcher – Initial Level, NOVA Medical School|Faculdade de Ciências Médicas, Universidade Nova de Lisboa;

1st Jury member – Doctor Helena Soares, Invited Assistant Researcher, NOVA Medical School|Faculdade de Ciências Médicas, Universidade Nova de Lisboa;

2nd Jury member – Doctor César Mendes, Researcher, NOVA Medical School|Faculdade de Ciências Médicas, Universidade Nova de Lisboa;
